

Authorized SRP Training Programme

Criteria and procedure to endorse third-party training service providers authorized to issue certificates of training completion

Version 0.6 8 November 2018

1. Need for a common framework

- 1.1. In view of the emerging demand for SRP training under the SRP umbrella, there is a clear need for common guidelines or 'ground rules' to help build capacity to deliver high quality appropriate and accurate training across key target groups.
- 1.2. GIZ has been authorized by SRP to develop and lead the official SRP Training Programme to deliver SRP training directly, in collaboration with other interested SRP members.
- 1.3. Recognizing the interest of SRP members to deliver in-house training to their respective target groups, members may register as authorized SRP training providers, in order to deliver authorized SRP training modules and provide trainees with SRP Certificates of Completion.
- 1.4. The SRP Secretariat therefore proposes criteria, terms and procedures by which SRP training programme proposals and interested training service providers can be evaluated for possible SRP endorsement and authorization. A list of all authorized members will be publicly posted on the SRP website.
- 1.5. This document outlines the process for member application to serve as an authorized SRP Training Provider, and sets transparent criteria and procedures for endorsement. These are designed to ensure good governance and ensure consistent quality, exclusivity and integrity in service delivery by authorized SRP training providers. This will help uphold and protect SRP's brand value.

2. Guiding principles

- 2.1. Interested training service providers recognize the following guiding principles:
 - 2.1.1. **Recognition:** Understand the need for coherent and common interpretation of SRP tools and frameworks, while acknowledging specific priorities of relevant stakeholders

- 3.1.2. The proposal clearly describes the structure and systems for designing content and delivery of training, together with expected course / participant numbers and scale-up trajectory;
 - 3.1.3. The proposal articulates IP management policy in relation to SRP;
 - 3.1.4. The proposal adopts an inclusive approach by identifying how other SRP members and stakeholders may participate as certified trainers;
 - 3.1.5. The proposal presents a projected budget that includes potential costs, fees to be charged to participants and projected income from the activity.
