

## Candidates for election to the Board of the SRP e.V. (to fill one vacant seat)

Listed in alphabetical order by name

30 November 2020

Name: **NGUYEN DUY THUAN**  
Position: **Chief Executive Officer (CEO)**  
Organization: **Loc Troi Group**

Mr. Thuan takes role as Chief Executive Officer (CEO) of Loc Troi Group since May 2020, after a year joining the Group and successfully applied his initiatives and expertise to position Loc Troi Group (LTG) as the leading agricultural service company in the region.

Mr. Thuan has nearly 20 years in operations, sale and marketing and people, holding important positions for management in the biggest local and international corporations. His diversified experience, in combination with his solid understandings on how to apply modern managing scheme & advanced technology into agriculture, inspires each member in LTG, from the leader to the engineer, to trial the initiatives in renovating their services and products to farmers. As a result, LTG becomes trusted partner for farmers and agricultural associates, who always accompany them to place the innovative technical and products/services into their farming, making it most productive and economical to better farmers' lives.

Heading his path with LTG, Mr. Thuan set his priority to earn most benefit for farmers and LTG partners by turning LTG into an essential chain in global supply chain, led by global standard achievements like Sustainable Rice Platform (SRP) which will set strong base for farmers to the sustainable earnings and global integration.

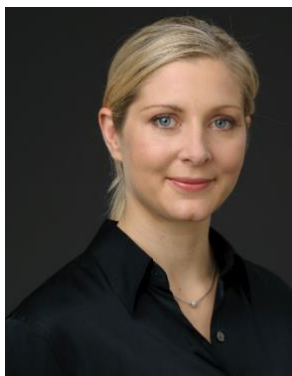

Name: **Roei Yonai**  
Position: **Head of Strategic Crops and Ag Sustainability**  
Organization: **Netafim**

Roei is Netafim's Head of Strategic Crops and Ag sustainability, leads the company's rice initiative.

"Leading the strategic rice initiative in Netafim is my most impactful project, as I am certain it will make a major difference both in people's lives as well as in securing our planet's future."

Recently nominated also as head of Ag sustainability, Roei's wide perspective is built on his over 15 years' experience in the agri-business world, from plant breeding and agricultural research to precision irrigation, crop marketing and new markets development. Roei holds a BSc. in Agricultural Economics and an MSc. in Plant Science.

Name: **Tanja Havemann**  
Position: **Co-founder, Director**  
Organization: **Clarmondial**

With over 15 years of experience in the environmental finance sector, Tanja has worked with companies, investors, foundations as well as Governmental and Non Governmental Organisations (NGOs) on investments, research, strategy development and advisory.

Tanja established Clarmondial in May 2010 to facilitate investments linked to improved natural resource use efficiency, including payments for environmental services (e.g. carbon finance), climate smart agriculture, renewable energy, and sustainable forestry. Prior to establishing Clarmondial, Tanja worked on the advisory and investments team of Climate Change Capital (UK). Tanja has an LLM in Environmental Law and Policy from University of Kent, and an MSc in Applied Environmental Economics (Imperial College London) and a BSc (Hons) in Tropical Environmental Science from University of Aberdeen.

She was born and grew up in Tanzania and Kenya. She speaks English and Danish fluently, and limited German, Portuguese and Swahili. Tanja is a dual Danish and Swiss citizen.

She is interested in contributing her network, fundraising/business development and financial structuring expertise to advance the work of the Sustainable Rice Platform (SRP).
